

ABOUT MIREO

Established in 2018, and grounded in 25 years of founder experience, Mireo serves healthcare, research, higher learning, and government industries. The Mireo team is committed to empowering clients to excel by delivering innovative solutions that create a lasting impact. We take pride in building long-lasting partnerships based on trust and a proven track record of delivering results.

PROCESS IMPROVEMENT CAPABILITIES

Mireo's approach to process improvement is to deliver solutions that significantly increase efficiency and productivity and that optimize alignment between resource expenditure and outcomes. We provide in-depth analysis of current workflows and identify areas for improvement while staying attuned to each client's unique preferences and needs.

CORE PROCESS IMPROVEMENT CAPABILITIES

PROCESS ANALYSIS AND REDESIGN

- End-to-end process mapping & documentation to visualize current processes, identify bottlenecks, and uncover areas for improvement.
- Gap analysis & prioritization to evaluate and quantify the impact, feasibility, and potential benefits of process changes.
- Identification of redundant systems, overly administrative tasks, and wasted effort.
- Root cause analysis to identify the underlying causes of process inefficiencies, errors, or delays.
- Best-practices-based process redesign to streamline operations, eliminate duplicative efforts, and improve resource utilization.

STRATEGIC AND OPERATIONAL EFFECTIVENESS

- Establish Key Performance Indicators that clearly and concisely represent the true drivers of success for your business.
- Develop management processes and systems to support more effective organizational management.
- Create best practices to align operational activities with strategic initiatives.

IMPLEMENTATION SUPPORT

- Process implementation is customized to meet organizational priorities.
- Stakeholder engagement to gather insights, incorporate diverse perspectives, and ensure alignment in the process analysis and redesign efforts.
- Change management support to facilitate the implementation of new processes within the organization.
- Continuous Improvement Mindset training to encourage ongoing evaluation of processes within everyday workflows and to adapt to evolving needs.

OUTCOMES WE HELP YOU ACHIEVE

- We enable data-driven based decision-making by providing senior leadership with greater visibility into performance at the operational level.
- Our approach gives executives a greater ability to align strategic initiatives with operational and tactical efforts.
- We diligently identify opportunities for waste reduction and cost savings by eliminating unnecessary steps and tasks.
- We help by analyzing, designing, optimizing, and implementing processes that improve productivity at the individual, team, and organizational level.

DIFFERENTIATORS

PARTNERSHIP

Our team believes in true partnership with our clients. We take the time to listen, ask questions, and understand your organization and its culture.

ACTIVE ENGAGEMENT

We don't just offer recommendations—we roll up our sleeves to help you implement them. We believe in equipping your team with the tools and knowledge you need to succeed, and we work side-by-side with you to ensure a plan's smooth implementation.

CROSS-DISCIPLINARY INSIGHTS

Our team's experience spans many industries, including healthcare, higher education, biomedical research, federal health research/regulation, publishing, technology, finance, and insurance. We balance a wide perspective with deep expertise to guide practical innovations for your organization.

TAILORED SOLUTIONS

Our approach is hands-on and practical. We deliver measurable results that are customized to your organization's specific goals and challenges. Our team is committed to helping you achieve your business objectives in a way that makes sense for your unique needs.
